SUMMARY

Passionate and ambitious software developer with a lifelong affinity for technology. Graduated from Re:Coded's frontend bootcamp, where I actively participated in diverse projects and crafted websites that stand out. Specializing in designing modern, engaging websites, whether working solo or collaboratively. A dedicated learner committed to continuous improvement, always eager to expand knowledge and drive innovation in the dynamic tech landscape.

EXPERIENCE

Frontend Developer

Re:Coded 2023 Algeria

An award-winning global non-profit that supports systemically underserved talent to reskill and access equitable career pathways in technology where I:

- Successfully completed challenging frontend projects at Re:Coded.
- Mastered key frontend technologies and crafted interactive interfaces.
- Showcased teamwork, collaboration and version control skills.

TRAINING / COURSES

Architectural Studies (2015-2016) (Design)	Mathematics and Computer Science (2016-2017) (Code)
Blida University 1, Institution of Architecture and Urban Planning	Yahia Fares University of Medea, Department of Science

EDUCATION

Frontend Web Development Bootcamp

Re:Coded 06/2023 - 12/2023

- Enrolling in Re:Coded's intensive frontend bootcamp, a program renowned for its rigorous nature and exclusivity, boasting a competitive acceptance rate of less than 3%.
- Acquiring hands-on experience in frontend development, implementing industry best practices to build engaging and intuitive websites.
- Collaborating on various projects to reinforce these skills and ensure a solid grasp of modern web development techniques.

Bachelor of English Language

Yahia Fares University of Medea 09/2018 - 07/2021

- Honed and attained advanced proficiency in the English language through comprehensive coursework and dedicated studies.
- Explored various subjects such as essay writing, historical context of English, and the study of English-speaking civilizations.
- Developed strong communication and presentation skills through regular practice, contributing to effective public speaking and academic performance.
